Autobox to exhibit at Pack Expo Las Vegas

At booth **C-3105** Autobox Machinery Ltd will be featuring live demonstrations of its HIPAK corrugated box making machine.

Visitors to the booth will have the chance to see how easy it is to make boxes and to discuss the benefits of making your own boxes.

Sheet Plants or Box Brokers can also learn about the benefits of the HIPAK with its Quick Set features enabling any quantity or size of box to be produced with the absolute minimum of machine setting time.

Autobox machines are use throughout the world by both end users and box plants.
